I bow to the Ruler of the Universe, whose very form is Liberation,the omnipotent and all pervading Brahma, manifest as the Vedas. I worship Shiva, shining in his own glory, without physical qualities,Undifferentiated, desireless, all pervading sky of consciousness and wearing the sky itself as His garment. ||1||

Beyond speech, understanding and sense perception, Awe-full, but gracious, the ruler of Kailash, Devourer of Death, the immortal abode of all virtues. ||2||
